Ole Olson Coming

Ben Hendricks comedy "Ole Olson" is coming Nov. 14th, at the Coleman Opera House. "Ole Olson" is the play in which the Swedish dialect was first made use of for stage purposes. This piece has taken its place as a fun maker by the side of the German, Irish and Yankee dialect plays, and "Ole Olson" is equally as interesting and pleasing as any of this style of dramatic work. The character is presented with natural dignity and a full appreciation of comedy effects. The story of course centers around "Ole" and the cool and unruffled manner in which he baffles the schemes of the villain never fails to get rounds of applause, dealing, as it does, with the tribulations of a young widow and the efforts of a faithful young Swedish man whom she has befriended to lighten her burden, is told with the natural simplicity that is heart appealing. Mrs. Jordon, the widow, has almost overcome the schemes of an unscrupulous brother-in-law, when her first husband, Jefferson Bassett, whom she has long believed dead, makes his appearance, and co-operates with the scoundrel to secure a fortune left her by her first husband. In pursuit of this plot they run counter to the young Swede, who instinctively dislikes the two rascals and becomes Mrs. Jordon's self-appointed guardian. The development of the Swedish immigrant from uncouth and awkward to the Swedish-American citizen of the last act, is carried along on lines of mingled comedy and pathos that have "the simple annals of the poor" ever in mind. There will be a very capable company of players. During the action of the play several songs and lullabies and vaudeville numbers will be given. Prices \$1.00 75c 50c.

MARRIED.

Miss Cecilia Wills and Mr. Percy Porter, both of Coleman, were married on Wednesday, Nov. 9th, by the Rev. W. MacMorine. The bride left on Thursday morning for Creston, B. C.

NOTE AND COMMENT

"Second street West needs an are light."

The Prairie and Pass promotion association should consolidate the towns of the Pass on many important public questions.

Bourassa should send for Honore Jaxon, Louis Riel's secretary. The ghost of Riel then would walk.

The columns of the MINER are open to all for any discussion on public questions. The MINER knows no class or creed.

The Republican party did not heed the cry for a "reduced cost of living." To-day this party is in the minority.

Bourassa sees another Riel rebellion in the result of the Drummond - Arthurs election. Bourassa generally sees things.

John Bull does not want reciprocity between Canada and the United States. But then John Bull does not pay our grocery bills.

McGrath of Lethbridge is extending himself. He claims he can defeat any man in Canada. This statement will defeat himself.

Borden and Bourassa have joined hands. One wants to spend twenty million on the British navy and the other wants to spend twenty cents on it. Its a powerful combination.

The MINER wishes to correct the report of a previous editorial meeting. It was Councillor James, not Councillor Stone, that seconded the motion for a vote of thanks to the Board of Trade.

The writer of letters, signed "Ratepayer" should not be too harsh in his criticism of the Watch committee. The work this year is most arduous and requires more time than is generally thought.

The MINER refutes absolutely, the assertion of Mr. D. Davies that this paper is at the disposal of any party.

Straight-by-law rules will govern the council scraps. There will be no hitting in committees.

Councillor Holmes is drafting By-laws.

Mrs. (Dr.) Porter arrived at Coleman on Wednesday evening.

Mr. Cruikshank, brother of T. N. Cruikshank, was in town this week, on a visit. He left for Seattle on Wednesday.

Many school children suffer from constipation, which is often the cause of seeming stupidity at school. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child, for they are mild and gentle in their effects, and will cure even chronic constipation. Sold by All Dealers.

PASS CINDERS

Fourteen different languages are spoken in the pass.

Deer are plentiful on Silver Creek.

There are six railroad bridges between Frank and Lillooet, a distance of five miles.

The Rocky Mountain Cement company at Blairmore produces four hundred barrels of cement a day.

Flumerfelt park in Coleman has an area of thirty-six acres.

Senator McLaren's timber limits comprise forty-six townships.

The saucer shaped piece of land near Crow's Nest Mountain was once the camping ground of the Crow Indians.

Two members of Coleman's town Council are students of the Seranton Correspondence school.

There were eighteen applications for the position of Chief of Police for Coleman.

The Coleman MINER will issue a special Christmas edition. While containing old-time Yule stories and carols, it will include a comprehensive history of the early mining prospectors of the Pass.

Lame back becomes so suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all dealers.

THE LETTER FROM MR. DAVIES

In another column there appears a letter from Mr. David Davies. The MINER feeling that the readers of the Pass should have an opportunity to read the views of this gentleman publishes the letter. These views themselves singularly explain the futile efforts of a certain league. Had there being a determined though-out plan, progress might have been made. By publishing Mr. Davies' letter the first chief argument is dropped into a space about the size of our worthy correspondents hat.

It is customary for a subscriber when he thinks his cause to be attacked unjustly by a newspaper to cut off his paper entirely. Mr. Davies does not, he supplies matter for the same paper, he makes loop holes. Is his policy a superficial one or is he sincere in his own convictions?

By the advice of the Attorney General the council has no power to eliminate the liquor traffic. Is that not plain? By the fundamental law of man, no man can dictate to another what he shall do. Be law-abiding is the full demand of the law.

There is in every state, two parties of extremists. To guard ourselves through channels that are marked by bigotry or steeped in sin is a difficult matter.

The same course appeals to the same.

We refer Mr. Davies to the lines by Pope in his "Essay on Man" "Act well your part, there all the honor lies."

Group is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. CORRESPONDENCE

Mr. Editor,

As a member of the Coleman Temperance and Moral Reform League I feel and regard it a gross injustice that the pages of our local paper, is devoted to the service and disposal of the privileges of Coleman, and denied to the Reform League to say anything against the liquor traffic nor in defence of their cause, as well as personal repute.

It is only fair that every subscriber and reader of a paper should have a chance to express an opinion in providing that he does not act in a way that would break against the rule of modesty and civility.

The liquor question is too serious a question to deal with it lightly and in a fit of moments was, as the Moral Reform League are so well aware of the probable result of this traffic that to regard it otherwise is impossible. Those that supported this License can't say no more that they are guiltless of the blood of those that fall to the drunkard's grave, and that it is not of this traffic that innoxious liquors are supplied daily at the doors of the people, and and transform their homes to be a drinking, roaring dens, and the men to raving madness. The element that ate at the root of the Roman empire and the spelled its downfall is to-day eating at the root of Coleman. The evil of the saloon is bad, but the evil of home drinking is worse, for it is there the saloon gets her recruits from, and where the pillars and the support of the drink traffic are raised, the beer bar. In the home makes it the misery of the nation-drunkards.

Far as of punishing the ravages of Intemperance is no more the work of the Moral Reform League than any other person that has the welfare of his kindred near at heart. This is not work for a few in the duty of all. Instead of pleading helplessness in the face of the existing condition of affairs, why not deal out the provisions of the law that was available to eradicate this evil. The Moral Reform League are not a municipal administration, but the Mayor and Council are although they can't be expected to change the country's laws so as to strike at the very root of this evil however they can apply what's to be had and use the means which is found provided in the Licensing Act, that enables them not only to strike the Liquor shop alone, but also the saloon.

Yours truly,

David Davies

To the Editor of the Miner,

Dear Sir:-

Can you please spare me space for the following remarks. I wish to thank the Celebration committee for the noble effort they put up for the celebration. This committee should never have been awakened from their sleep. From the program it look as if they were overworked.

I would like to draw attention to the watch committee of the new council. What are they doing? It is hoped that they will represent the people. I hope they do something before their terms of office expires. Thanking you I remain,

"Ratepayer"
